ADL Service Level Determination Guide

Level 1: Client is mostly independent and requires minimal supervision.

Level 2: Client requires assistance with 2–4 Activities of Daily Living (ADLs).

Level 3: Client requires extensive assistance, fall prevention, or dementia support.

Level 4: Client requires around-the-clock supervision and personal care support.

Notes

All services are non-medical and do not include skilled nursing.

A completed intake and assessment are required before services begin.

Rates are subject to reassessment based on client condition changes.

Minimum shift requirement may apply.
